

# NGUYEN PHU QUOC

## FRESHER NODEJS DEVELOPER

I am a backend developer specializing in Node.js, Express.js, Nest.js, MySQL, and MongoDB. I have 1 year of experience and have developed RESTful API projects for e-commerce, social networks, and more, creating flexible CMS systems that support CRUD operations, search functionality, and website application integration. My goal for the next 2 years is to become a junior back-end developer.
